DETAILED ACTION

Terminal Disclaimer

1. The terminal disclaimer filed on January 16, 2007 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Patent 6,711,568 has been reviewed and is accepted. The terminal disclaimer has been recorded.

2. Applicant's Amendment filed on May 14, 2007 in response to Examiner's Office Action has been reviewed. Claim 1 has been amended.

Allowable Subject Matter

3. Applicant's arguments, see pages 5-10, filed on January 16, 2007, with respect to the rejections of claim 1 have been fully considered and are persuasive, and upon the extensive searches of various databases, the Examiner respectfully submits that claim 1 is allowable over the prior art of record. Claims 2-17 being further limiting to independent claim 1 are also allowed.

The closest prior art, Rubinstein et al. US Patent No. 5,913,215 teaches an apparatus and method for browsing by prompted keyword phrases with an improved method for obtaining an initial document set. The closest prior art fails to anticipate or render Applicant's limitations above obvious.
